

VISION OF THE MANNA SOCIETY

Our Vision is the creation of a just society that respects the dignity of every individual.

Whilst homelessness and long-term unemployment persist, we are committed to:

1. Providing practical support to meet the immediate needs of those who seek our help.
2. Working in partnership with churches, schools, and the wider community — inspired by Christian values — to:
 - a) Raise awareness of homelessness, poverty, and social injustice; and
 - b) Promote collective action toward ending poverty and homelessness.

THE ETHOS OF THE MANNA SOCIETY

The Manna Day Centre is a place of unconditional acceptance. Our task, as we see it, is not to judge but to love.

We aim to respect the dignity and worth of each person with whom we come in contact. Each and every one has an intrinsic value that deserves to be respected. No one is dispensable.

Our task is to feed and care for those homeless and ex-homeless but still poor, people who seek our help; but we cannot be content with this. We must also seek to challenge the structures of society that lead to homelessness and poverty.
